BILL WELLS for ASSEMBLY

Bill Wells for State Assembly

Restoring Fiscal Discipline

As Mayor Pro Tem of El Cajon, Bill Wells has fought against frivolous spending and excessive taxation. He understands that California is best served when families can spend their hard earned money how they please and when small businesses are free to create more jobs without big government stepping in.

Solid Values, Common Sense Solutions

To get our state and economy moving again, Bill Wells will return business friendly, fair-minded, conservative values to a broken State Legislature. Bill will get back to the basics of solving problems and putting California back on the right track by:

- balancing our state budget
- ending record deficits
- preventing borrowing & excessive spending
- lowering taxes on businesses & families
- restoring local control
