Dear Neighbor,

My name is Brian Jones, and I am running for State Assembly because I am fed up with Sacramento politicians who don't care about our local needs. Instead, they spend OUR tax dollars to fund THEIR growing budget mess.

We've proven in Santee, where I've served as a Councilmember and Vice Mayor for the past seven years, that conservative government works, and it will work in Sacramento:

- We maintain large reserves for a rainy day, the largest proportion of any local city.
- We fund public safety first, and cut other spending as necessary to balance our budget.
- We keep government small, maintaining the lowest employee-to-citizen ratio of any local city.
- We contract out services to keep our employee and pension costs down.
- We create jobs by getting government out of the way of small businesses.

Our state can be restored to greatness by promoting the conservative values we share. To win this race, I need your help and your vote. Please visit www.electbrianjones.com to learn more.

God bless,
